

Small Business Lending

- System-wide series of meetings through Community Affairs and BOG
- Audience of lenders, SBA, small businesses, small business advocates, CDFIs
- Complement data collection efforts with on the ground information. Want to hear from NE Banks
- Feed information back through BOG and final policy convening in July

What are you seeing?

- What has demand looked like? Increase/decrease in applications?
- What about quality of applicants?
- Are they returning customers? New ones?
- Are loan amounts sought increasing/decreasing? Do you work with other partners? Referrals?
- Do you work with non bank lenders?
Is there anything else we should be thinking about?
- Is there additional information we can get to you?
