

STATEMENT OF WORK

Workout Administration Services

FTI CONSULTING, INC (“Supplier”), MS FACILITIES LLC, a Delaware limited liability Company (“the Company”), the Federal Reserve Bank of Boston (the “Bank”), as managing member of the Company (the “Managing Member”) enter into this Statement of Work (“SOW”) for Services pursuant to the Professional Services Agreement between the parties having an Effective Date of March 1, 2021, including all amendments thereto, (the “Agreement”). This SOW is entered into pursuant to and governed by the terms of the Agreement, which is incorporated herein by reference. All Services provided hereunder by the Supplier shall conform to the Service Standard. This SOW shall be effective for the period of time defined below.

Terms capitalized herein and not otherwise defined are defined in the Participation Agreement under the Main Street Lending Program Standard Terms and Conditions issued on July 31, 2020 (the “Standard Terms”)¹.

Description of Services:

The Supplier shall provide workout administration services for Loans that have an Elevation status as defined in the Participation Agreement, meet the conflict obligations of Schedule E of the Agreement², and are assigned to the Supplier by the Company, and other loans at the discretion of the Company (“Assigned Loans”). Specific services for each Assigned Loan shall include, but are not limited to the following:

1. Conflicts Check: The following conflicts process shall be followed for Loan in accordance with Schedule E:
 - a. *Annual Check*: All Loans will be subject to a conflicts check at least annually. As part of this annual check, Company shall provide to Supplier a list of all outstanding Loans and Supplier shall review the list against its list of customers. Within five (5) business days of receipt of the list from the Company, Supplier shall notify the Company of any identified conflicts.
 - b. In addition to the annual check, the supplier has run a pre-clearance process that reviewed the total MSLP loan portfolio for conflicts. For any loans that a conflict of interest may arise, the supplier will notify the company on an ongoing basis. For loans being assigned to the Supplier by the Company, the Supplier will update its conflicts check database to reflect that the loan is active, and Supplier is the Workout Administrator. Supplier will notify the Company if any potential conflicts arise at that time.
 - i. In the event of a conflict, the Company will use an alternative vendor to provide the workout services.

² Please see Schedule E of the Agreement for the definition of conflict.

- c. In addition to the conflicts checks described above, Supplier shall monitor new business it enters into for the term of the Agreement for potential conflicts and shall notify the Company of any conflicts that it becomes aware of as a result prior to signing any new engagement letter.
2. Workout Administration Services: The Supplier shall provide workout administration services for Loans which successfully complete a conflicts check, as defined above, are Elevated and assigned to the Supplier by the Company, and other loans at the discretion of the Company (“**Assigned Loans**”). Specific services for each Assigned Loan shall include, but are not limited to the following:
 - a. Review all loan documents and correspondence with regard to the workout.
 - b. *Initial Assessment*: Using available information, prepare an initial assessment including:
 - i. Assess financial condition, including cash flows, asset levels, collateral values and credit documents.
 - ii. Assess the default status of the Assigned Loan and steps the Lender has taken (if any) to protect the Company’s interests.
 - iii. Complete an initial assessment of the information provided to determine if there are any gaps.
 1. If gaps are identified, compile a list of information necessary to fully develop workout plan.
 2. Work with Workout Advisor (“**Advisor**”)³ and Company to determine if legal resources should be engaged.
 3. Coordinate with the Advisor and Company regarding a communication plan, governed by established communication protocols, to the Lender and/or, the Borrower to request additional information.
 4. Once the communication plan is approved, reach out to the Lender and/or Borrower (in collaboration with counsel) to obtain the necessary information.
 5. Additional information should be analyzed following the same process as for the initial submission as defined above.
 - c. *Workout Plan Assessment/Development*: After all necessary information is collected under step 2(b)(iii):
 - i. If the Lender presents a workout plan, assess workout plan, including specific reserve and charge-off recommendations, presented and address deficiencies with Advisor and Company in coordination with the Lender.
 - ii. If the Lender does not have a workout plan or the presented workout plan is deficient, develop a workout plan for the Borrower in coordination with Lender, including specific reserve and charge-off recommendations.
 - iii. Present the workout plan to the Company and Advisor to obtain approval.
 - d. Execute the workout plan agreed upon with the Lender and Company.

³ For purposes of this SOW, references herein to Workout Advisor shall mean the Supplier.

- e. Provide the Advisor and Company with periodic updates on workout plan for review and approval as defined below in Section 3, *Reporting Requirements*.
 - f. Work with the Advisor and Company counsel, with the approval of the Company, to source field examiners, receivers, appraiser or other vendors needed to conduct the workout.
 - g. Work with Advisor as needed to prepare reporting and to collect reporting required from the Lender and/or Borrower.
 - h. The Company shall approve the final resolution plan for each Assigned Loan.
 - i. A tiered approach to workout services will be taken, as defined in Workout Advisory and Related Services Statement of Work.
2. Third Party Vendors. Supplier will identify required third party vendors, define requirement and selection criteria, and source and procure the parties for support of the Workout Administrations Services (“Sourcing Plan”). The Company or the Bank, as Managing Member of the Company, shall review and approve any Sourcing Plan, including selection criteria. Such approval shall not be unreasonably withheld. Selection criteria shall include, at minimum, commercially reasonable pricing. All such third party vendors will be subcontractors to FTI and FTI, will manage and retain full responsibility for the performance of such vendors, including monitoring their performance and handling invoices and payment, in compliance with the terms of the Agreement, including but not limited to ensuring that all third party vendors will be located in the United States. Notwithstanding anything to the contrary in the Agreement, Third-party vendors shall be required to comply with the provisions defined in Attachment 1 to this Statement of Work.
- a. All such third-party vendors costs shall be charged to the Company as a pass-through, without mark-up. Supplier will provide invoices from the third-party vendors services being charged to the Bank.
 - b. Supplier understands the third-party legal counsel be will sourced, procured, contracted and managed by the Company. Supplier will advise as requested in such procurements. Supplier shall cooperate and collaborate with these third-party legal counsels as required for the Workout Administration Services.

3. Reporting Requirements:

The content of standard reports is dependent on Loan Tier⁴, as defined below. Nothing contained herein prohibits the Company from requesting, and the Supplier from providing, additional reports and updates.

⁴ Loan Tier is defined in the Statement of Work for Advisory and Related Services

Tier	Portfolio Value	Reporting Requirement
1a	Up to and including \$2,000,000	Quarterly update on workout plan progress
1b	Greater than \$2,000,000 to \$10,000,000	Quarterly update on workout plan progress
2	Greater than \$10,000,000 to \$25,000,000	Monthly update on workout plan progress
3	Greater than \$25,000,000	Monthly update on workout plan, process with the Company having the option to increase frequency to weekly for high profile cases.

Regardless of the tiering reporting requirements, the Supplier shall make the Advisor and the Company aware of any communication (written or verbal) that would indicate a Borrower plans to escalate any issues with third parties (including but not limited to a media outlet, members of the U.S. House of Representative, the U.S. Senate or employees or representatives of the U.S. Department of the Treasury).

Additionally, the Supplier shall provide to the Advisor and Company with information needed to develop quarterly reserve/charge-off recommendations.

Service Term:

This SOW shall be effective commencing on March 1, 2021 and shall end on February 28, 2022, unless earlier terminated pursuant to the Agreement. The parties may renew this SOW for like terms by mutual written agreement no later than February 28, 2022. The Company shall provide the Supplier with thirty (30) days prior written notice if this Statement of Work will not be renewed.

Pricing and Fees:

All fees for services under this SOW are fixed based on BPS per event as shown in the table below. Half of the total fee will be invoiced in the month following the loan becoming an Assigned Loan and the other half following final resolution and closeout, whether triggered by and not limited to the execution of a restructuring transaction, liquidation of the collateral or confirmation in a bankruptcy proceeding. All payments by the Company shall be made pursuant to the terms of the Agreement.

Loan Tier	Pricing⁵ - Basis Points Per Event
Tier 1a (Up to and including \$2,000,000)	365.00
Tier 1b (Greater than \$2,000,000 to \$10,000,000)	230.00
Tier 2 (Greater than \$10,000,000 to \$25,000,000)	180.00
Tier 3 (Greater than \$25,000,000)	100.00

Invoice Terms: Fees shall be invoiced in two parts. The first half of the fee shall be invoiced in the month following the loan becoming an Assigned Loan. The second half of the fee shall be invoiced following final resolution and closeout of the Workout Loan, whether a result of, but not limited to, the execution of a restructuring transaction, liquidation of the borrower or collateral, a bankruptcy or insolvency proceeding.

In the event that a loan is sold during the workout administration services (Level 3), the second half of the payment will not be due for that loan. The Supplier shall invoice the Company for any disposition work conducted thereafter at the current standard rates, less 20%, plus materials at cost, and as defined in a mutually agreed separate statement of work.

All fees are to cover the full handling of the entire workout process from the inception of a loan becoming an Assigned Loan to some final resolution whether a completed restructuring, a bankruptcy, a liquidation, a going concern sale of the borrower, or a sale of the loan.

In the event of an Elevation during Level 2 services to Level 3, where the first payment for Level 2 services is made, applicable fees for Level 3 services will be invoiced. No second payment for Level 2 services will be due or payable.

In the event that a loan is successfully restructured and subsequently requires Level 2 or Level 3 services, all fees for such services will apply.

On Tier 3 loans, if a borrower defaults again within 6 months or less from the original restructuring, Supplier will review the specific loan with the Company and will determine if a full second fee should be due or if only half of a second fee should be due.

Each level of service must be completed prior to work commencing on a new level of service. For the avoidance of doubt, Level 1 and Level 2 Services are billable only under the Statement of Work for Advisory and Related Services. Level 3 Services are billable only under this Statement of Work for Workout Administration Services.

⁵ Basis Points multiplied by the Original MSLP Total Loan amount of credit undergoing Workout Administration service. All per-event Basis Points fees will be assessed on the Original MSLP Total Loan amount of credit undergoing Workout Administration (Level 3) service. For clarity, this is defined as the total amount of the loan as originated under the MSLP and not the participation amount or current balance.

Monthly Reporting to Support Invoicing. FTI will provide monthly reporting on the numbers of loans being managed, the start and end date (if applicable) of the services, the size of each such loan and applicable basis point fees in each Tier to the Company for review for the applicable month.

Travel: All travel expenses must be pre-approved by the Bank and incurred and reported in conformance with the Bank's Non-Employee Travel Guidelines which will be provided to the Supplier on request.

Attachment 1

Subcontract Minimum Required Terms

This Attachment 1 defines I) the minimum required terms that must be included in all Subcontractor agreements the Supplier enters into to perform the Services defined in a Statement of Work, and II) requirements that will be included if applicable to the specific services to be provided, as defined below.

For the purposes of this attachment, the following definitions apply:

“Subcontractor” refers to a subcontractor of the Supplier.

“Subcontractor Personnel” means all employees, personnel, agents, representatives, and subcontractors, any other persons directly or indirectly employed by a subcontractor of the Subcontractor, and any other persons who perform work associated with the Services provided to Supplier by the Subcontractor under the Statement of Work.

“Bank Affiliate” means any entity in the Federal Reserve System, including, but not limited to, each of the Federal Reserve Banks and the Board of Governors.

I. Minimum Required Terms

1. Third Party Beneficiary. The Supplier shall name Bank as a third-party beneficiary under each of the Supplier’s agreement with any Subcontractor required to perform the services under a Statement of Work.

2. Performance. The Subcontractor will perform the Services (1) in accordance with the generally recognized standards of the Supplier’s profession, (2) with a level of care, technical skill, diligence, frequency, volume, amount and detail commensurate with the requirements of the Service, conforming to any specified Statement of Work and at least equal to the standards the Supplier applies to services performed for other comparable accounts and (3) in a manner consistent with all applicable legal requirements and (C) any other prevailing standards for such Service in the relevant industry (the foregoing clauses (1) through (3), the “Service Standard”).

3. Service Location. For the avoidance of doubt, Services will be provided by Supplier Personnel, as defined below, located in the United States. All Company information that is stored, processed, or transmitted by the Subcontractor shall remain stored, processed, or transmitted in the United States.

4. Confidentiality, Security and Controls

4.4 *General*. “Confidential Information” means any information disclosed to any Subcontractor Personnel, in whatever form obtained from or through the Bank (including information from or about any Bank Affiliate) or developed by or otherwise obtained by the Subcontractor in connection with the performance of this Agreement, including, but not limited to, all information relating to the Company or the Bank’s supervisory, regulatory, research, development, and business activities, security, data files, personnel information, and computer programs. The Subcontractor shall hold, and shall ensure that all Subcontractor Personnel hold, all such information confidential and shall not disclose to any person, firm, corporation, or other entity, nor use for its own business or benefit, any Confidential Information obtained or generated

by it during the term of this Agreement. The Subcontractor shall take all reasonable measures to recover any Confidential Information wrongfully disclosed.

4.5 The Bank, in addition to any other remedy available to it by law, shall be entitled to injunctive relief to enforce this confidentiality provision.

4.6 If the Subcontractor is compelled to testify against the Bank by subpoena or court order, or if the Subcontractor is required to disclose Confidential Information pursuant to applicable law or is required to provide Confidential Information to a regulatory agency, it shall give prompt written notice to the Bank, and afford the Bank the opportunity to review, in advance, any information being disclosed. In the event Subcontractor and/or any of its employees are required to testify or provide evidence at or in connection with any judicial or administrative proceeding relating to this Agreement to which Subcontractor is not a party, the Company will compensate Subcontractor at its regular hourly rates and reimburse Subcontractor for reasonable, documented, out-of-pocket expenses (including counsel fees) with respect thereto. Nothing in this Agreement shall restrict the Subcontractor's use of information that is or becomes: (i) publicly available through no breach of this Agreement; (ii) previously known to the Subcontractor without obligation of confidence; or (iii) acquired by the Subcontractor from a third party which is not under an obligation of confidence with respect to such information.

4.7 As requested by the Bank, the Subcontractor, and all Subcontractor Personnel, will terminate all electronic and physical means of accessing the Bank's Confidential Information, and upon the Bank's request, return or securely destroy, at the Bank's option, and certify such destruction in writing to the Bank, all material in any medium that contains, refers to, or relates to Confidential Information, including all archived and back-up copies. The Subcontractor will return all Confidential Information in the possession of any Subcontractor Personnel to the Bank within 60 days after Agreement expiration or termination, regardless of whether or not the Bank has requested the return of the Confidential Information, and unless the Bank requests destruction of the Confidential Information. Further, except as set forth in this Agreement, Subcontractor will not acquire any right in or assert any lien against the Bank's Confidential Information, and/or refuse to promptly return, provide a copy of, or destroy such Confidential Information upon the request of the Bank.

4.8 *Delivery or Destruction Infeasible.* If the Subcontractor believes that the delivery or destruction of any Confidential Information is not feasible (including Confidential Information that is retained on secure backup media in accordance with standard backup procedures in a manner that makes it impractical for the Subcontractor to delete the Confidential Information), or if the Subcontractor is required by applicable law, accounting rules, or other professional rules to retain a copy of any Confidential Information for some period, the Subcontractor may retain a copy of such Confidential Information subject to the restrictions of this Section [TBD] until the Confidential Information becomes public or otherwise ceases to be Confidential Information as defined in Section [TBD], or is returned to the Bank.

5. Conflict of Interests

5.4 *Subcontractor Objectivity.* A conflict of interest exists for Subcontractor when other business relationships or financial interest of Subcontractor or Subcontractor's Affiliates or personal or business relationships, activities, and financial interests of those of Subcontractor officers or employees who are assigned to manage or perform the services under the Agreement could knowingly impair (a) Subcontractor's objectivity or impartiality in performing the Services

or (b) the quality of the Services. It is Subcontractor's policy that all inherent and actual conflicts of interest be identified, evaluated, and either managed or avoided, as appropriate. Subcontractor warrants to the Company that no conflict of interest presently exists. If circumstances arise during the term of the Agreement that create or could create a conflict of interest, subject to its obligations of confidentiality, Subcontractor shall notify the Bank promptly and take such steps as the Bank may request to avoid, neutralize, or mitigate the conflict of interest. If the Bank determines that the conflict of interest cannot be avoided, neutralized, or mitigated in a manner satisfactory to the Bank, the Bank may terminate the Agreement upon notice to Subcontractor.

5.5 *Misuse of Information for Private Gain.* Neither Subcontractor nor any of its Subcontractor Personnel may use any Confidential Information except to fulfill the purposes of the Agreement and as expressly permitted in the Agreement. This restriction prohibits, without limitation, the knowing use of any Confidential Information for the benefit of Subcontractor or any of its Affiliates or their respective directors, officers, or employees (beyond the benefit of the consideration to be received by Subcontractor under the Agreement), for the benefit of any other Subcontractor client, or to inform any financial transaction, render any advice or recommendation, or attempt to influence any market or transaction for the benefit of any individual or entity.

5.6 *Vendor Bias.* Subcontractor shall not recommend to the Company or Bank in connection with Subcontractor's performance of services any products or services of an individual or entity (including Affiliates of Subcontractor) from which Subcontractor may receive a financial incentive based on (a) Subcontractor's recommendation of the product or service to the Bank or Company or (b) the Bank's purchase of the product or service, unless, in each case, Subcontractor first discloses in writing to the Bank the nature of the relationship and the specific terms of any financial incentive Subcontractor may receive.

5.7 Subject to its obligations of confidentiality, Subcontractor shall disclose potential conflicts of interest to the Bank as they arise and, at the request of the Bank will cooperate with the Company and the Bank to mitigate or avoid the conflict or if the conflict cannot be adequately mitigated or avoided, in the Bank's sole discretion, recuse itself from providing the services.

5.8 Subcontractor's conflict of interest records shall specifically describe the steps Subcontractor will take to mitigate the conflict that could arise from an Affiliate of Subcontractor participating or seeking to participate as sponsor of any participant in the Main Street Facilities while Subcontractor is providing services under this Agreement.

5.9 *Conflict Reporting and Records.* Employees of Subcontractor shall be required to report promptly any breach or suspected breach of these conflicts requirements to FTI. Subcontractor shall also conduct periodic reviews of its conflicts policy and/or associated compliance procedures.

5.10 *Insider Trading Restrictions.* The information barrier procedures provided under this Agreement shall contain investment restrictions and monitoring measures as deemed necessary and appropriate by Subcontractor to prevent "behind the wall" individuals from knowingly trading in the securities of originating institutions or borrowers under the Main Street Facilities or otherwise trading on inside information gathered through the course of providing services to the Bank and Company. This procedure shall be provided to the Bank for review upon request.

- 5 Compliance with Law. The Subcontractor and all Subcontractor Personnel and their respective Subcontractors shall at all times comply with all applicable federal, state, and local laws, codes, regulations, ordinances, and rules, in performing the Services, including but not limited to, consumer privacy laws, OSHA (federal and state) and other worker-protection requirements and environmental protections. Subcontractor shall maintain during the term of this Agreement any authorization, license, and permit as may be required by any such law or regulation to perform the Service. The Subcontractor shall notify the Bank immediately in writing in the event or likelihood of termination of any such authorization, license, or permit.
- 6 Equal Opportunity. By entering into this Agreement, the Subcontractor confirms its commitment to equal opportunity in employment and contracting. To implement this commitment, the Subcontractor shall, to the maximum extent possible consistent with applicable law, provide for the fair inclusion of minorities and women in its workforce.
- 7 Ethics Statement and Gratuities. The Subcontractor shall perform services with honesty and integrity using its best skill and judgment and in the most expeditious and economic manner consistent with the Bank's policies, which can be found on the [Doing Business With Us](#) section of the Bank's website. Also, the Subcontractor, its employees, agents, or subcontractors shall not extend any gratuity or special favor to the Bank's employees.
- 8 Publicity. Neither the Subcontractor nor any of the agents, affiliates, or parties under its respective control shall use the Bank or the Company's name, or the name of any Federal Reserve System entity, or any adaptation or variation of such name in any advertising or promotional material or other publication, or otherwise publicize or communicate the Subcontractor's relationship with the Bank or the Company without the Bank and the Company's prior written consent.

II. Additional Terms to be Incorporated into Subcontracts as Applicable

In addition to the minimum required terms defined above, the Supplier shall include the following terms which are applicable to the Services provided by the Subcontractor:

1. To the extent the Subcontractor has access to loan level information and information systems, the terms defined in Attachment 1-A.
2. To the extent the Subcontractor has access to SPV information and information systems, the terms defined in Attachment 1-B.
3. To the extent the Subcontractor has access to the Bank's information and information systems, the terms defined in Attachment 1-C.
4. To the extent the Subcontractor has access to Reserve Bank PII elements which are defined as Low or Very Low PII Element, as defined in Attachment 1-D, the terms defined in Attachment 1-D. To the extent the Subcontractor has access to Reserve Bank PII elements which are defined as Moderate PII Elements, as defined in Attachment 1-E, the terms defined in Attachment 1-E.
5. To the extent the Subcontractor has access to Reserve Bank PII elements which are defined as High PII Elements, as defined in Attachment 1-F, the terms defined in Attachment 1-F.

ATTACHMENT 1-A

Loan Level Information Security Requirements

This Attachment shall be included in all subcontracts for services that require access to the information regarding loans, but not including information regarding the portfolio or governance and without access to the Bank's premises, systems and/or network. For purposes of this Attachment, all references to the "Bank" include any Bank Affiliate, or other entity engaged or designated by the Bank.

1. *Access Agreements.* Any Subcontractor Personnel requiring access to the Bank's information or information systems must agree to appropriate access agreements (e.g., nondisclosure agreements, conflicts of interest agreements, and access agreements) as provided or required by the Bank before access is granted and may be required to acknowledge, by written or electronic signature, their responsibilities and expected behavior with respect to information and information system usage.
2. *Personal Devices.* Subcontractor Personnel may not connect personal devices (e.g., USB Flash Memory drives, MP3 players, external hand devices, cell phones, etc.) to any computer, network, or electronic messaging resources of the Bank without authorization from the appropriate information asset owner.
3. *Authentication Credential Requirements.* All Subcontractor Personnel must have proper authorization and authentication credentials to access any computer, network, or electronic messaging resources of the Bank. Subcontractor Personnel are responsible for securely managing all authentication credentials in accordance with the Bank's standards and all authentication credentials must not be shared with others. Subcontractor Personnel may not attempt to circumvent approved authentication processes and procedures or access controls.
4. Encryption of External Media Devices. All Subcontractor Personnel utilizing portable media devices which contain data, proprietary information, Confidential Information, or authentication information of the Bank must ensure such devices are encrypted according to the Bank's standards (e.g., USB Flash Memory drives).
 - (i) Reporting Security Breaches. As used herein, "Incident" means any event that jeopardizes the confidentiality, integrity, or availability of Confidential Information. Incidents include an actual or suspected loss, theft, misuse, unauthorized disclosure or acquisition of, or unauthorized access to Confidential Information, regardless of whether it creates a likelihood of harm. Any security Incident or suspicious activity that involves data, proprietary information, Confidential Information, access, or authentication information of the Bank, or the loss or destruction of the Bank's property must be promptly () reported to the Bank (e.g., if a laptop containing the Bank's information is stolen, the theft must be promptly reported to the appropriate authority).
 - (ii) Remote Access. Subcontractor Personnel will not share their remote access configuration.
5. *Termination of Access.* Any data or system information captured, viewed, saved, or disseminated in any way, is proprietary information of the Bank and must be returned to the

Bank upon termination or expiration of access. Upon completion of the Services or expiration or termination of this Agreement, whichever occurs first, the Subcontractor will ensure that all property and data relating to the Services are returned to FTI Consulting or destroyed.

6. *Breach Notification.* The Subcontractor will take all commercially reasonable measures to secure and prevent unauthorized entry, modification, or access to any systems on which the Bank information is transmitted or stored. The Subcontractor will promptly () notify the Bank at of any breaches of security or unauthorized access to the Subcontractor's systems used to provide Service. The Subcontractor will use diligent efforts to remedy such breach of security or unauthorized access in a timely manner. In the event of any breach of this Attachment, the Subcontractor shall notify the Bank promptly () upon becoming aware thereof.
7. *Remedies.* The Subcontractor understands that failure to carry out the requirements of this Agreement may result in the exercise of all remedies at law or equity available to the Bank.

ATTACHMENT 1-B

SPV Information Security Requirements

This Attachment shall be included in all subcontracts for services that require access to the information of the Company, including but not limited to portfolio information or governance documentation, and without access to the Bank's premises, systems and/or network. For purposes of this Attachment, all references to the "Bank" include any Bank Affiliate, or other entity engaged or designated by the Bank.

1. *Access Agreements.* Any Subcontractor Personnel requiring access to the Bank's information or information systems must agree to appropriate access agreements (e.g., nondisclosure agreements, conflicts of interest agreements, and access agreements) as provided or required by the Bank before access is granted and may be required to acknowledge, by written or electronic signature, their responsibilities and expected behavior with respect to information and information system usage.
2. *Inspection Rights.* Except as prohibited by applicable law, the Bank will be afforded access to the technical capabilities, operations, documentation, records, and data bases of all Subcontractor Personnel under this Agreement for the purpose of carrying out a program of inspection to ensure continued efficacy and efficiency of safeguards against threats and hazards to data information security, integrity, and confidentiality.
3. *Personal Devices.* Subcontractor Personnel may not connect personal devices (e.g., USB Flash Memory drives, MP3 players, external hand devices, cell phones, etc.) to any computer, network, or electronic messaging resources of the Bank without authorization from the appropriate information asset owner.
4. *Authentication Credential Requirements.* All Subcontractor Personnel must have proper authorization and authentication credentials to access any computer, network, or electronic messaging resources of the Bank. Subcontractor Personnel are responsible for securely managing all authentication credentials in accordance with the Bank's standards and all authentication credentials must not be shared with others. Subcontractor Personnel may not attempt to circumvent approved authentication processes and procedures or access controls.
5. Encryption of External Media Devices. All Subcontractor Personnel utilizing portable media devices which contain data, proprietary information, Confidential Information, or authentication information of the Bank must ensure such devices are encrypted according to the Bank's standards (e.g., USB Flash Memory drives).
 - (i) Reporting Security Breaches. As used herein, "Incident" means any event that jeopardizes the confidentiality, integrity, or availability of Confidential Information. Incidents include an actual or suspected loss, theft, misuse, unauthorized disclosure or acquisition of, or unauthorized access to Confidential Information, regardless of whether it creates a likelihood of harm. Any security Incident or suspicious activity that involves data, proprietary information, Confidential Information, access, or authentication information of the Bank, or the loss or destruction of the Bank's property must be promptly () reported to the Bank (e.g., if a laptop containing the Bank's information is stolen, the theft must be promptly reported to the appropriate authority).

6. *Termination of Access*. Any data or system information captured, viewed, saved, or disseminated in any way, is proprietary information of the Bank and must be returned to the Bank upon termination or expiration of access. Upon completion of the Services or expiration or termination of this Agreement, whichever occurs first, the Subcontractor will ensure that all Subcontractor Personnel terminate promptly all electronic and physical means of gaining access to the Bank's computer systems, including but not limited to, maintenance accounts and information security bypasses ("Access Privileges"). The Subcontractor will also ensure that all Subcontractor Personnel return all property and data of the Bank. At that time, the Subcontractor will provide the Bank with a list of all Subcontractor Personnel with Access Privileges to ensure Subcontractor's compliance with this Attachment.

7. *Breach Notification*. The Subcontractor will take all commercially reasonable measures to secure and prevent unauthorized entry, modification, or access to any systems on which the Bank information is transmitted or stored. The Subcontractor will promptly () notify the Bank at of any breaches of security or unauthorized access to the Subcontractor's systems used to provide Service. The Subcontractor will use diligent efforts to remedy such breach of security or unauthorized access in a timely manner. In the event of any breach of this Attachment, the Subcontractor shall notify the Bank promptly () upon becoming aware thereof.

8. *Remedies*. The Subcontractor understands that failure to carry out the requirements of this Agreement may result in the exercise of all remedies at law or equity available to the Bank.

ATTACHMENT 1-C

Bank Information Security Requirements

This Attachment shall be included in all subcontracts for services that require access to the Bank's premises, systems and/or networks. For purposes of this Attachment, all references to the "Bank" include any Bank Affiliate, or other entity engaged or designated by the Bank.

1. *General.* In performing the Services on the Bank's premises, all Supplier Personnel will comply with all of the Bank's information security policies, procedures, and requirements made available to the Supplier. Access to the Bank's information assets and computer resources and devices by any Supplier Personnel may only be implemented by specific approval from the Bank.
2. *Access Agreements.* Any Supplier Personnel requiring access to the Bank's information or information systems must agree to appropriate access agreements (e.g., nondisclosure agreements, conflicts of interest agreements, and access agreements) as provided or required by the Bank before access is granted and may be required to acknowledge, by written or electronic signature, their responsibilities and expected behavior with respect to information and information system usage.
3. *Access Monitoring.* Except as prohibited by law, the Bank may enter, search, and/or monitor at its discretion all computer and network equipment and any other computer or communications device provided by the Bank, including devices owned by any affiliate or other designee of Bank that are used to perform the Services pursuant to this Agreement with authorized or unauthorized access to any such resources. The Bank may also monitor the activities of any other computing device while that device is accessing the Bank's computers or network. Notwithstanding the foregoing, if the Bank discovers malicious activity or has reasonable belief that the Supplier's equipment was used to compromise the Bank's network or computers, such equipment will be immediately disconnected from the Bank's network or systems, and the Supplier will cooperate with the Bank, in a commercially reasonable way, to investigate such equipment. All Supplier Personnel, whether authorized or unauthorized, consent to the monitoring of their use of such resources and to the Bank's access to and disclosure of any voice communications or data stored on such equipment. Further, no information, however classified, which is stored or transmitted using such equipment, will be considered private information of any employee or other person, except as required by law.
4. *Inspection Rights.* Except as prohibited by applicable law, the Bank will be afforded access to the technical capabilities, operations, documentation, records, and data bases of all Supplier Personnel under this Agreement for the purpose of carrying out a program of inspection to ensure continued efficacy and efficiency of safeguards against threats and hazards to data information security, integrity, and confidentiality.
5. *Personal Devices.* Supplier Personnel may not connect personal devices (e.g., USB Flash Memory drives, MP3 players, external hand devices, cell phones, etc.) to any computer, network, or electronic messaging resources of the Bank without authorization from the appropriate information asset owner.
6. *Authentication Credential Requirements.* All Supplier Personnel must have proper authorization and authentication credentials to access any computer, network, or electronic

messaging resources of the Bank. Supplier Personnel are responsible for securely managing all authentication credentials in accordance with the Bank's standards and all authentication credentials must not be shared with others. Supplier Personnel may not attempt to circumvent approved authentication processes and procedures or access controls.

7. *Integrity of Computing Resources and Devices.* All Supplier Personnel are responsible for ensuring the integrity of all computing resources and devices which connect to any of the Bank's resources and which must meet the Bank's standards (including remote access to any of the Bank's systems). All Supplier Personnel must leverage antivirus, personal firewalls, desktop encryption, and any other required security software, and run the latest security patches on all computing resources and devices. Hardware, software, authentication devices, and communication or messaging equipment must be used only for purposes approved by the Bank. All internet access software used with and through any of the Bank's networks must be approved by the Bank and must be configured according to the Bank's information security standards. All internet connections made from any of the Bank's networked computing resources or devices must be made through the Bank's firewalls. All Supplier Personnel will take all necessary precautions to minimize the risk of virus infection to the Bank's network and computer system.
 - a. Encryption of External Media Devices. All Supplier Personnel utilizing portable media devices which contain data, proprietary information, Confidential Information, or authentication information of the Bank must ensure such devices are encrypted according to the Bank's standards (e.g., USB Flash Memory drives).
 - b. Reporting Security Breaches. As used herein, "Incident" means any event that jeopardizes the confidentiality, integrity, or availability of Confidential Information. Incidents include an actual or suspected loss, theft, misuse, unauthorized disclosure or acquisition of, or unauthorized access to Confidential Information, regardless of whether it creates a likelihood of harm. Any security Incident or suspicious activity that involves data, proprietary information, Confidential Information, access, or authentication information of the Bank, or the loss or destruction of the Bank's property must be promptly () reported to the Bank (e.g., if a laptop containing the Bank's information is stolen, the theft must be promptly reported to the appropriate authority).
 - c. Remote Access. Supplier Personnel will not share their remote access configuration.
8. *Email Filtering.* All Supplier Personnel will have approved email filtering software that limits SpamWare, malware, or other malicious code transmitted through email installed on all computing resources and devices used while providing the Services.
9. *Approved Software.* Only licensed software provided by the Bank and in-house developed code (including Supplier developed code approved by the Bank) shall be used on the Bank's system. No public domain, shareware, or bulletin board software shall be installed. All additional hardware and software packages proposed for use, including upgrades, must be approved in advance and in writing by the Bank.

10. *Termination of Access.* Any data or system information captured, viewed, saved, or disseminated in any way, is proprietary information of the Bank and must be returned to the Bank upon termination or expiration of access. Upon completion of the Services or expiration or termination of this Agreement, whichever occurs first, the Supplier will ensure that all Supplier Personnel terminate promptly all electronic and physical means of gaining access to the Bank's computer systems, including but not limited to, maintenance accounts and information security bypasses ("Access Privileges"). The Supplier will also ensure that all Supplier Personnel return all property and data of the Bank. At that time, the Supplier will provide the Bank with a list of all Supplier Personnel with Access Privileges to ensure Supplier's compliance with this Attachment.
11. *Reporting.* The Supplier shall deliver to the Bank written evidence of compliance with SSAE-18 documented in a SOC 2, Type II Audit Report, or other form of report acceptable to the Bank, on a biannual basis or upon the Bank's request. The Supplier shall also provide ConMon pen test results and vulnerability assessments, and an independent third party assessment of the Supplier's privacy program on at least an annual basis; provided that after the first annual report, a summary of such pen test results and vulnerability assessments may be provided.
12. *Breach Notification.* The Supplier will take all commercially reasonable measures to secure and prevent unauthorized entry, modification, or access to any systems on which the Bank information is transmitted or stored. The Supplier will promptly () notify the Bank at () of any breaches of security or unauthorized access to the Supplier's systems used to provide Service. The Supplier will use diligent efforts to remedy such breach of security or unauthorized access in a timely manner. In the event of any breach of this Attachment, the Supplier shall notify the Bank promptly (b) upon becoming aware thereof.
13. *Remedies.* The Supplier understands that failure to carry out the requirements of this Agreement may result in the exercise of all remedies at law or equity available to the Bank.

 - Gender or ethnicity;
 - Personnel records;
 - Password, access code, or other information allowing access to account or network containing other Reserve Bank PII;
 - Investigative records, including financial, law enforcement, and background check; and
 - Compensation or tax information.

2. **Purpose, Use, Access & Sharing.** Subcontractor is prohibited from using Reserve Bank PII for any purpose other than for which it was specifically provided pursuant to this Agreement. Subcontractor shall only share Reserve Bank PII with Subcontractor Staff to the extent such Subcontractor Staff has a need to access the Reserve Bank PII in order to provide the specific Service to the Bank pursuant to this Agreement.

3. **Sharing with Third parties.** In addition, Subcontractor shall not share Reserve Bank PII with Third Parties unless and to the extent Subcontractor:
 - (a) has performed and documented due diligence on such Third Parties to ensure appropriate protection, handling, use, sharing retention and deletion of PII disclosed to such Third Parties that are consistent with or comparable to the requirements that apply to Subcontractor pursuant to this Attachment;
 - (b) ensures that all Third Parties do not transmit Reserve Bank PII to any entity outside of the United States or store Reserve Bank PII outside of the United States;
 - (c) has signed agreements with each such Subcontractors that contain provisions substantially similar to those in this Attachment for Reserve Bank PII;
 - (d) engages in ongoing monitoring of such Subcontractors to ensure effective Subcontractor implementation and continuing application of all applicable requirements; and

- (e) within 14 days after the Bank's request provides to the Bank a list of Subcontractors with access to Reserve Bank PII and an attestation that the Subcontractor has complied with the requirements of this Attachment with respect to these Subcontractors.
4. Geographic Limitations. Subcontractor is prohibited from transmitting Reserve Bank PII to any Third party located outside of the United States and from accessing, storing, and processing Reserve Bank PII on servers and other devices located outside of the United States.
5. Minimization. Subcontractor agrees to minimize the collection, acquisition, processing, sharing, and retention of Reserve Bank PII to what is necessary for purposes of providing the specific Service to the Bank pursuant to this Agreement.
6. Destruction and/or Return of Reserve Bank PII. The Subcontractor agrees to destroy all Reserve Bank PII as soon as it is no longer necessary to satisfy the purpose for which the Reserve Bank PII was obtained pursuant to this Agreement, or two business days after termination or expiration of this Agreement, whichever is later. This requirement does not apply to the extent: (a) otherwise specifically provided in this Agreement; (b) required to be retained longer by the Subcontractor pursuant to applicable court order or state or federal laws or regulations, in which case Subcontractor will notify the Bank of what is retained, where and for how long; or (c) otherwise instructed in writing by the Bank, which may include the secure delivery of Reserve Bank PII to the Bank in lieu of destruction.
- (i) The Subcontractor's obligation to destroy pursuant to this Section [TBD] includes all copies, back-ups, and iterations of Reserve Bank PII regardless of (A) the format in which it is retained; (B) the type of device on which, or location where, it is stored; and (C) whether it is retained or held by the Subcontractor, Subcontractor Staff, or a Subcontractor.
- (ii) Destruction pursuant to this provision means the definitive obliteration of Reserve Bank PII in all media that ensures that it cannot be retrieved, recreated, reassembled, or reconstructed.
7. Notification of Incidents involving PII. The Subcontractor must notify the Bank promptly () when the Subcontractor, Subcontractor Staff, or Third parties become aware of an Incident. This notification must occur without delay on account of business hours, holiday or otherwise, even if it means notifying the Bank before the Subcontractor has commenced or completed its own investigation into the cause or extent of the Incident. Notice should be given to the Bank pursuant to the notice provision of this Agreement. Subcontractor shall report any Incident regardless of whether the Incident appears to present a risk of harm or loss. Subcontractor agrees to promptly (a) investigate the Incident; (b) act on the Bank's request for investigative steps; (c) regularly report detailed findings as to the cause and impact of the Incident; (d) cooperate with the Bank in its efforts to remediate and make proper notifications to individuals; and (e) upon the Bank's request, promptly provide progress reports regarding any investigation and/or remediation efforts.
8. Specific Information Security Requirements. In addition to the General Information Security Program standards above, Subcontractor, Subcontractor Staff, and Subcontractors

shall comply with the following authorizations and minimum standards when accessing, using or storing Reserve Bank PII:

- (a) *Minimum Standards for Storage on Laptops and Mobile Computing and Mobile Storage Devices.* Subcontractor must have written policies requiring the use of encryption and physical access controls (e.g., within a locked office, desk, filing cabinet, or file room) for storage on laptops and mobile computing and mobile storage devices.
- (b) *Minimum Standards for Printing.* Printed Reserve Bank PII requires a conspicuous label that Subcontractor would ordinarily use to indicate the sensitivity and confidentiality of its own information. Where technically and operationally feasible, the labeling or marking must be on every page, including any cover memorandums or title pages. Otherwise, a conspicuous cover sheet labeled or marked as Subcontractor would its own sensitive and confidential information must be attached.
- (c) *Minimum Standards for Marking Digital Versions.* A label indicating that the data or digital information is sensitive and confidential must be provided when the Reserve Bank PII is to be accessed or displayed on screen. Where technically and operationally feasible, a label commensurate with what Subcontractor would use to indicate the sensitivity and confidentiality of its own information should be included within the header of a document or at the top of a screen or page of web content; otherwise, a banner label must be displayed on the login screen of systems containing Reserve Bank PII, or on the first screen after login. The banner label must conspicuously state that the system contains sensitive and confidential information and that by continuing, the user acknowledges that unlabeled information within the system must be handled appropriately.
- (d) *Minimum Standards for Transmission.* Reserve Bank PII in digital form, including email and fax, must be encrypted during transmission.
- (e) *Minimum Standards for Storage in Print and Digital Formats.* Storage of Reserve Bank PII information on printed media requires physical access controls (e.g., within a locked office, desk, filing cabinet, or file room). Storage of Reserve Bank PII information on fixed media requires the use of technical access controls. Reserve Bank PII in digital form must be encrypted, tokenized or masked at rest throughout its lifecycle according to the highest industry standards.
- (f) *Minimum Standards for Media Sanitation.* Reserve Bank PII stored on electronic media or similar equipment to be reused, repaired, or disposed of must be cleansed or sanitized using a secure method (e.g., degaussing or data overwrite). This includes computers, and any other devices that have memory or storage that may contain Reserve Bank PII.
- (g)

10. Privacy.

- (a) The Subcontractor must maintain effective privacy policies, processes, and procedures during the term of this Agreement to ensure compliance with the provisions in this Section [TBD]. Subcontractor must actively monitor for compliance with agreed upon requirements for Reserve Bank PII, including tracking and mitigating instances of non-compliance.
- (b) The Subcontractor agrees to maintain an appropriate privacy notice that is easily accessible and prominently displayed at the point(s) it collects Reserve Bank PII from individuals. The privacy notice must, at a minimum, describe the types of PII collected, the purpose(s) for which PII is collected, the intended use(s) of PII, and generally, how PII is shared internally and externally. If the Subcontractor changes its privacy notice, the Subcontractor shall promptly notify the Bank thereof and provide the Bank with the updated notice.
- (c) Where applicable, the privacy notices will also provide information relating to the type and method for consent offered to individuals. Any use of Reserve Bank PII for purposes other than providing the services to the Reserve Bank pursuant to this Agreement must be agreed to by the individuals providing the PII through opt-in or express consent, where the individuals must take affirmative action beyond just submitting the information, to agree to such other use or disclosure of the PII.

14. DSR Responses. Subcontractor shall also promptly respond to and implement any data subject request (DSRs) with respect to any Reserve Bank PII (but in any event, not longer than 5 business days after request by the Bank, unless such time period is extended in the sole direction of the Bank).

Subcontractor's activities pursuant to this Attachment shall be undertaken at no cost to the Reserve Bank.

- (k) *Minimum Standards for Media Sanitation.* Reserve Bank PII stored on electronic media or similar equipment to be reused, repaired, or disposed of must be cleansed or sanitized using a secure method (e.g., degaussing or data overwrite). This includes computers, and any other devices that have memory or storage that may contain Reserve Bank PII.
- (l)

10. Privacy.

- (d) The Subcontractor must maintain effective privacy policies, processes, and procedures during the term of this Agreement to ensure compliance with the provisions in this Section [TBD]. Subcontractor must actively monitor for compliance with agreed upon requirements for Reserve Bank PII, including tracking and mitigating instances of non-compliance.
- (e) The Subcontractor agrees to maintain an appropriate privacy notice that is easily accessible and prominently displayed at the point(s) it collects Reserve Bank PII from individuals. The privacy notice must, at a minimum, describe the types of PII collected, the purpose(s) for which PII is collected, the intended use(s) of PII, and generally, how PII is shared internally and externally. If the Subcontractor changes its privacy notice, the Subcontractor shall promptly notify the Bank thereof and provide the Bank with the updated notice.
- (f) Where applicable, the privacy notices will also provide information relating to the type and method for consent offered to individuals. Any use of Reserve Bank PII for purposes other than providing the services to the Reserve Bank pursuant to this Agreement must be agreed to by the individuals providing the PII through opt-in or

express consent, where the individuals must take affirmative action beyond just submitting the information, to agree to such other use or disclosure of the PII.

- (g) The parties acknowledge and agree that Subcontractor shall comply with all laws, rules and regulations applicable to the Subcontractor's performance of Services pursuant to this Agreement. Subcontractor acknowledges and confirms that it does not provide Company or Bank with any monetary or other valuable consideration in exchange for Reserve Bank PII and certifies that it understands and will comply with the restrictions set forth herein. Except as required by applicable law, regulation, or professional standard, Subcontractor will not collect, access, use, disclose, process, or retain Reserve Bank PII for any purpose other than the purpose of performing the Services and this Agreement. In particular, Subcontractor shall not sell (as defined by applicable data protection laws) any Reserve Bank PII. Subcontractor will, to the extent legally permissible, notify Bank and Company if Subcontractor receives a request from a data subject of Reserve Bank PII seeking to exercise such data subject's rights under any applicable data protection laws ("Data Subject Access Request"), and will, on Bank's or Company's reasonable request, provide reasonable assistance in connection with their response to such Data Subject Access Request
11. Indemnification. Notwithstanding any limitation on indemnification or damages provided elsewhere in this Agreement, the Subcontractor shall be liable for and agrees to indemnify, defend, and hold the Bank harmless from any costs or fees of data recovery, Incident investigation, third party liability, government imposed actions or penalties, and notification and identity theft protection services offered to affected individuals, arising from, or related to, any Incident involving Reserve Bank PII, the determination of which will be made in the sole discretion of the Bank. If requested by the Bank, the Subcontractor-paid identity theft protection services shall be provided through the Bank's designated identity theft protection service provider.
14. DSR Responses. Subcontractor shall also promptly respond to and implement any data subject request (DSRs) with respect to any Reserve Bank PII (but in any event, not longer than 5 business days after request by the Bank, unless such time period is extended in the sole direction of the Bank).

Subcontractor's activities pursuant to this Attachment shall be undertaken at no cost to the Reserve Bank.

Subcontractor agrees to promptly (a) investigate the Incident; (b) act on the Bank's request for investigative steps; (c) regularly report detailed findings as to the cause and impact of the Incident; (d) cooperate with the Bank in its efforts to remediate and make proper notifications to individuals; and (e) upon the Bank's request, promptly provide progress reports regarding any investigation and/or remediation efforts.

22.

23. Specific Information Security Requirements. In addition to the General Information Security Program standards above, Subcontractor, Subcontractor Staff, and Subcontractors shall comply with the following authorizations and minimum standards when accessing, using or storing Reserve Bank PII:

(a) *Minimum Standards for Storage on Laptops and Mobile Computing and Mobile Storage Devices.* Subcontractor must have written policies requiring the use of encryption and physical access controls (e.g., within a locked office, desk, filing cabinet, or file room) for storage on laptops and mobile computing and mobile storage devices.

(d) *Minimum Standards for Printing.* Printed Reserve Bank PII requires a conspicuous label that Subcontractor would ordinarily use to indicate the sensitivity and confidentiality of its own information. Where technically and operationally feasible, the labeling or marking must be on every page, including any cover memorandums or title pages. Otherwise, a conspicuous cover sheet labeled or marked as Subcontractor would its own sensitive and confidential information must be attached.

- (m) *Minimum Standards for Marking Digital Versions.* A label indicating that the data or digital information is sensitive and confidential must be provided when the Reserve Bank PII is to be accessed or displayed on screen. Where technically and operationally feasible, a label commensurate with what Subcontractor would use to indicate the sensitivity and confidentiality of its own information should be included within the header of a document or at the top of a screen or page of web content; otherwise, a banner label must be displayed on the login screen of systems containing Reserve Bank PII, or on the first screen after login. The banner label must conspicuously state that the system contains sensitive and confidential information and that by continuing, the user acknowledges that unlabeled information within the system must be handled appropriately.
- (n) *Minimum Standards for Transmission.* Reserve Bank PII in digital form, including email and fax, must be encrypted during transmission.
- (o) *Minimum Standards for Storage in Print and Digital Formats.* Storage of Reserve Bank PII information on printed media requires physical access controls (e.g., within a locked office, desk, filing cabinet, or file room). Storage of Reserve Bank PII information on fixed media requires the use of technical access controls. Reserve Bank PII in digital form must be encrypted, tokenized or masked at rest throughout its lifecycle according to the highest industry standards.
- (p) *Minimum Standards for Media Sanitation.* Reserve Bank PII stored on electronic media or similar equipment to be reused, repaired, or disposed of must be cleansed or sanitized using a secure method (e.g., degaussing or data overwrite). This includes computers, and any other devices that have memory or storage that may contain Reserve Bank PII.
- (q)

10. Privacy.

- (h) The Subcontractor must maintain effective privacy policies, processes, and procedures during the term of this Agreement to ensure compliance with the provisions in this Section [TBD]. Subcontractor must actively monitor for compliance with agreed upon requirements for Reserve Bank PII, including tracking and mitigating instances of non-compliance.
- (i) The Subcontractor agrees to maintain an appropriate privacy notice that is easily accessible and prominently displayed at the point(s) it collects Reserve Bank PII from individuals. The privacy notice must, at a minimum, describe the types of PII collected, the purpose(s) for which PII is collected, the intended use(s) of PII, and generally, how PII is shared internally and externally. If the Subcontractor changes its privacy notice, the Subcontractor shall promptly notify the Bank thereof and provide the Bank with the updated notice.

- (j) Where applicable, the privacy notices will also provide information relating to the type and method for consent offered to individuals. Any use of Reserve Bank PII for purposes other than providing the services to the Reserve Bank pursuant to this Agreement must be agreed to by the individuals providing the PII through opt-in or express consent, where the individuals must take affirmative action beyond just submitting the information, to agree to such other use or disclosure of the PII.
 - (k) Where options for consents are provided in the privacy notice, the Subcontractor must implement processes to ensure that each individual's consent and preferences are documented and tracked, and that the preferences are implemented and honored.
 - (l) The parties acknowledge and agree that Subcontractor is acting as a service provider (as such term is defined by the California Consumer Privacy Act of 2018 ("CCPA")) to Bank and Company in connection with Subcontractor's performance of Services pursuant to this Agreement. Subcontractor acknowledges and confirms that it does not provide Company or Bank with any monetary or other valuable consideration in exchange for Reserve Bank PII and certifies that it understands and will comply with the restrictions set forth herein. Except as required by applicable law, regulation, or professional standard, Subcontractor will not collect, access, use, disclose, process, or retain Reserve Bank PII for any purpose other than the purpose of performing the Services or another business purpose permitted by 11 CCR § 999.314(c) and this Agreement. In particular, Subcontractor shall not sell (as defined by applicable data protection laws, including without limitation and to the extent applicable, the CCPA) any Reserve Bank PII. Subcontractor will, to the extent legally permissible, notify Bank and Company if Subcontractor receives a request from a data subject of Reserve Bank PII seeking to exercise such data subject's rights under any applicable data protection laws ("Data Subject Access Request"), and will, on Bank's or Company's reasonable request, provide reasonable assistance in connection with their response to such Data Subject Access Request
12. Audit Logs. The Subcontractor will maintain audit logs of all access to Reserve Bank PII and will actively monitor them for unauthorized access.
13. Indemnification. Notwithstanding any limitation on indemnification or damages provided elsewhere in this Agreement, the Subcontractor shall be liable for and agrees to indemnify, defend, and hold the Bank harmless from all costs and/or damages arising from, or related to, any Incident involving Reserve Bank PII including, but not limited to, any costs of data recovery, Incident investigation, third party liability, government imposed actions or penalties, and notification and identity theft protection services offered to affected individuals, the determination of which will be made in the sole discretion of the Bank. If requested by the Bank, the Subcontractor-paid identity theft protection services shall be provided through the Bank's designated identity theft protection service provider.
14. Audit. The Bank shall have the right to audit Subcontractor's overall privacy and information security program and its compliance with the requirements in this Attachment at the commencement of Services and on annual basis during the term of this Agreement; provided that following an Incident, the Bank shall have the right to conduct such audit upon reasonable request. During the performance of the Services, on an ongoing basis from time to time and with no less than ten days' notice, the Bank, at its own expense, shall be entitled to perform, or to have performed, an on-site audit of Subcontractor's privacy

[and/or] information security program. In lieu of or in addition to an on-site audit, the Reserve Bank in its sole discretion may require the Subcontractor to complete an audit questionnaire provided by the Reserve Bank regarding Subcontractor's compliance. Subcontractor shall complete such audit questionnaire within 45 calendar days of receipt of the Reserve Bank's request. The Reserve Bank may conduct such audits using employees, agents, representatives, contractors, or designees of the Reserve Bank or of the Board of Governors of the Federal Reserve System.

Subcontractor agrees to work in good faith with the Reserve Bank to promptly address/remedy any areas of concern or of non-compliance identified by the Reserve Bank as a result of an audit in order for the Reserve Bank to satisfy its ongoing oversight of its relationship with Subcontractor. In the event that parties are unable to mutually agree on appropriate remedies, or Subcontractor does not adequately remediate, or agree to remediate, areas of concern or non-compliance within 45 days of receipt of the audit, the Reserve Bank may terminate this Agreement for cause.

14. DSR Reponses. Subcontractor shall also promptly respond to and implement any data subject request (DSRs) with respect to any Reserve Bank PII (but in any event, not longer than 5 business days after request by the Bank, unless such time period is extended in the sole direction of the Bank).

Subcontractor's activities pursuant to this Attachment shall be undertaken at no cost to the Reserve Bank.
