

**MAIN STREET EXPANDED LOAN FACILITY
LENDER TRANSACTION SPECIFIC CERTIFICATIONS AND COVENANTS
INSTRUCTIONS AND GUIDANCE**

Reference is made to the Main Street Expanded Loan Facility (the “Facility”), which has been authorized under section 13(3) of the Federal Reserve Act (the “FRA”). Under the Facility, the Federal Reserve Bank of Boston (the “Reserve Bank”), acting under the direction of the Board of Governors of the Federal Reserve System (the “Board” and, together with the twelve Federal Reserve Banks, the “Federal Reserve”), has committed to lend to a special purpose vehicle, MS Facilities LLC, a Delaware limited liability company (the “SPV”), on a recourse basis. The SPV will purchase 95 percent participations in the upsized tranches of certain eligible loan facilities made by eligible lenders to eligible borrowers. Eligible lenders will retain 5 percent of each upsized tranche. The Secretary of the Treasury (“Secretary”) has committed funds appropriated to the Exchange Stabilization Fund under section 4027 of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) to the SPV in connection with the Facility, the Main Street New Loan Facility, and the Main Street Priority Loan Facility (each, a “Main Street Facility”).

Reference is further made to the Borrower Certifications and Covenants for the Main Street Expanded Loan Facility, to be delivered by the Borrower concurrently with the Lender Transaction Specific Certifications and Covenants, in respect of which the Lender is a named beneficiary (the “Borrower Certifications and Covenants”).

INSTRUCTIONS: To participate in the Main Street Expanded Loan Facility, the lender (the “Lender”) must provide the following certifications and covenants (the “Lender Certifications and Covenants”) in a writing executed by an authorized officer or representative of the Lender, on behalf of the Lender, in connection with the proposed sale by the Lender, as seller, to the SPV, as buyer, of a participation interest in an upsized tranche (“Upsized Tranche”) of a loan facility (the other tranches of such loan facility to which the Upsized Tranche was added, the “Underlying Credit Facility”) extended (or contemporaneously with these Lender Certifications and Covenants to be extended) by the Lender to an eligible borrower (the “Borrower”) and proposed to be included in the Facility. For purposes of these certifications and covenants, the Federal Reserve’s current [Frequently Asked Questions](#) (“FAQs”) on the Main Street Facilities, as posted on the website of the Board or the Reserve Bank as of the date hereof, are incorporated by reference. The Lender may rely on the clarifications and interpretations provided in the FAQs, to the extent applicable.

1. Borrower Certifications and Covenants.

1.A. Due Inquiry with Respect to Formation. The Lender must certify that, following Due Inquiry with Respect to Formation, the Lender has no knowledge or reason to believe that the certifications made in the Borrower Certifications and Covenants that the Borrower (i) is a Business and (ii) was established prior to March 13, 2020, are incorrect or untrue in any material respect.

- For purposes of the Lender Certifications and Covenants:
 - “Due Inquiry with Respect to Formation” means that the Lender received documentation from the Borrower evidencing the Borrower’s legal formation certified by the appropriate governmental authority, and took those steps to verify such formation as are required under the Lender’s ordinary underwriting policies and procedures.
 - “Business” means an entity that is organized for profit as a partnership; a limited liability company; a corporation; an association; a trust; a cooperative; a joint venture with no more than 49 percent participation by foreign business entities; a tribal business concern that is

(i) wholly owned by one or more Indian tribal governments, or by a corporation that is wholly owned by one or more Indian tribal governments, or (ii) owned in part by one or more Indian tribal governments, or by a corporation that is wholly owned by one or more Indian tribal governments, if all other owners are either U.S. citizens or Businesses; or any other form of organization that has been publicly designated by the Federal Reserve as a “Business.”¹

- For purposes of this certification, “established” means the date of formation, incorporation, or organization for any registered entity under the laws of the United States, one of the several states of the United States, the District of Columbia, any of the territories and possessions of the United States, or an Indian tribal government.

1.B. Delivery of Borrower Certifications and Covenants. The Lender must certify that the Borrower has delivered to the Lender the Borrower Certifications and Covenants, signed by the persons identified as the signatories thereof. In making such certification, the Lender assumes no responsibility for verifying the accuracy of such Borrower Certifications, and may rely entirely on the Borrower’s certifications, except as specifically set out in Sections 1.A and 3.B of the Lender Certifications and Covenants, as applicable. The Lender is not expected to monitor the Borrower’s ongoing compliance with covenants set out in the Borrower Certifications and Covenants, but is expected to promptly notify the SPV and the Reserve Bank if the Lender becomes aware of a Borrower’s material breach of such covenants as a result of the Borrower self-reporting.

2. Upsized Tranche Certifications and Covenants.

2.A. Date of Origination. The Lender must certify that the Underlying Credit Facility was originated on or before April 24, 2020 and the Upsized Tranche was originated after April 24, 2020. Such date of origination of the Upsized Tranche refers to the date of incurrence of the Upsized Tranche and not to (i) the date of the participation thereof to the SPV or (ii) the date of origination of the Underlying Credit Facility or any other tranche thereunder.

2.B. Term Loan, Maturity Date, and Underlying Credit Facility Maturity Date. The Lender must certify that the Upsized Tranche is a term loan with a maturity of five years. Such five year maturity date shall be counted from the date of origination of the Upsized Tranche. Any amounts repaid or prepaid under the Upsized Tranche may not be reborrowed. The Lender must also certify that each tranche under the Underlying Credit Facility has a remaining maturity of at least 18 months from the date of origination of the Upsized Tranche (taking into account any adjustments made to the maturity of such other tranches after April 24, 2020, including at the time of upsizing).

2.C. Deferral of Principal and Interest Payments. The Lender must certify that (i) the principal payments under the Upsized Tranche are deferred for two years; (ii) the interest payments under the Upsized Tranche are deferred for one year; and (iii) unpaid interest will be capitalized. Such deferral periods shall commence on the date of origination of the Upsized Tranche. Such principal and interest deferral requirement refers to a deferral of regularly scheduled cash principal payments and interest payments (*i.e.*, no amortization payments and no regularly scheduled cash interest payments will be required to be made during such period). Optional prepayments without penalty initiated by the Borrower of the principal amount of the Upsized Tranche are permissible at any time, including during the deferral period.

2.D. Interest Rate. The Lender must certify that the Upsized Tranche has an interest rate of the adjustable rate of LIBOR (1 or 3 month) plus 300 basis points. This requirement shall not be read to prohibit

¹ Any such designations will be published in FAQs posted to the website of the Board or the Reserve Bank.

additional default interest from accruing after the occurrence and during the continuance of an event of default. Interest rate or applicable margin levels that fluctuate based on Borrower performance metrics or any other metrics shall not be permitted. Customary fallback language for LIBOR unavailability, LIBOR illegality, and determination by the Lender that LIBOR does not adequately reflect its cost of funding is permitted.

- 2.E. *Principal Amortization.*** The Lender must certify that the principal amortization under the Upsized Tranche is 15 percent at the end of the third year, 15 percent at the end of the fourth year, and a balloon payment of 70 percent at maturity at the end of the fifth year. Such amortization payments shall be made on the applicable anniversary of the date of origination of the Upsized Tranche and be based upon the outstanding principal amount of the Upsized Tranche as of the date of origination of the Upsized Tranche plus all capitalized interest. Any optional or mandatory prepayments of principal (other than amortization payments) may be applied against future amortization payments.
- 2.F. *Minimum Principal Amount.*** The Lender must certify that the principal amount of the Upsized Tranche at the time of origination of the Upsized Tranche is at least \$10 million.
- 2.G. *Maximum Principal Amount.*** The Lender must certify that the principal amount of the Upsized Tranche does not exceed \$300 million at the time of origination. If the Borrower has notified the Lender that it or any of its affiliates has previously received, or has an application pending to receive, funding through the Facility, the amount of such funding shall be subtracted from \$300 million to determine the maximum principal amount of the Upsized Tranche.
- 2.H. *EBITDA Requirement for Borrower.*** The Lender must certify that (i) based solely on the financial records provided to the Lender by the Borrower and the calculation of the Borrower's adjusted 2019 earnings before interest, taxes, depreciation, and amortization ("EBITDA") certified to the Lender by the Borrower, the Upsized Tranche is an amount that, when added to the Borrower's existing outstanding and undrawn available debt, does not exceed six times the Borrower's adjusted 2019 EBITDA; and (ii) the methodology that the Lender required the Borrower to use when calculating adjusted 2019 EBITDA is the methodology that the Lender has previously required to be used for EBITDA adjustments when originating or amending the Underlying Credit Facility on or before April 24, 2020. Compliance with the limits on the Upsized Tranche amount under this certification is determined as of the date hereof; later expected increases in the principal amount of the Upsized Tranche (e.g., for capitalized interest) shall not be taken into account by the Lender in making such certification. In certifying compliance with this requirement, the Lender shall be permitted to rely on financial records delivered by the Borrower to the Lender and the calculation of adjusted 2019 EBITDA certified to the Lender by the Borrower.
- 2.I. *EBITDA Requirement for Borrower's Affiliated Group.*** If (and only if) the Borrower notifies the Lender that any of the Borrower's affiliates has previously received, or has applied to receive, funding from the Facility, the Lender must certify that (i) based solely on the financial records provided to the Lender by the Borrower and the calculation of the Borrower's and all of the Borrower's affiliates' adjusted 2019 EBITDA certified to the Lender by the Borrower, the Upsized Tranche is an amount that, when added to the Borrower's and all of the Borrower's affiliates' existing outstanding and undrawn available debt, does not exceed six times the Borrower's and all of the Borrower's affiliates' adjusted 2019 EBITDA; and (ii) the methodology that the Lender required the Borrower to use when calculating adjusted 2019 EBITDA is the methodology that the Lender has previously required to be used for EBITDA adjustments when originating or amending the Underlying Credit Facility on or before April 24, 2020. Compliance with the limits on the Upsized Tranche amount under this certification is determined as of the date hereof; later expected increases in the principal amount of the Upsized Tranche (e.g., for capitalized interest) shall not be taken into account by the Lender in making such certification. In certifying compliance with this

requirement, the Lender shall be permitted to rely on (i) financial records delivered by the Borrower to the Lender regarding the Borrower and its affiliates; (ii) the calculation of the Borrower's and the Borrower's affiliates' adjusted 2019 EBITDA certified to the Lender by the Borrower; and (iii) the Borrower's identification of its affiliates.

2.J. *EBITDA Requirement for Holding Company.* If (and only if) the Borrower is a company, all or substantially all of the assets of which comprise equity interests in other entities (as certified by the Borrower), the Lender must certify that (i) based solely on the financial records provided to the Lender by the Borrower and the calculation of the Selected Subsidiaries' aggregate adjusted 2019 EBITDA certified to the Lender by the Borrower, the Upsized Tranche is in an amount that, when added to the Selected Subsidiaries' aggregate outstanding and undrawn available debt, does not exceed six times such Selected Subsidiaries' aggregate adjusted 2019 EBITDA; (ii) the methodology that the Lender required the Borrower to use when calculating adjusted 2019 EBITDA is the methodology that the Lender has previously required to be used for EBITDA adjustments when originating or amending the Underlying Credit Facility on or before April 24, 2020; (iii) each Selected Subsidiary has guaranteed the Upsized Tranche on a joint and several basis; and (iv) if the Upsized Tranche is secured, then the Selected Subsidiaries' guarantees are also secured. In certifying compliance with this requirement, the Lender shall be permitted to rely on (a) financial records delivered by the Borrower to the Lender regarding the Selected Subsidiaries; (b) the calculation of the Selected Subsidiaries' adjusted 2019 EBITDA certified to the Lender by the Borrower; and (c) the Borrower's identification of its Selected Subsidiaries. The Lender shall be permitted to rely on consolidated financial records, and a consolidated calculation of adjusted 2019 EBITDA, to the extent that all of the Borrower's subsidiaries are Selected Subsidiaries.

- For purposes of the Lender Certifications and Covenants, "Selected Subsidiaries" means one or more operating subsidiaries selected by the Borrower to provide a guarantee for the Upsized Tranche on a joint and several basis, provided that (i) a Borrower is only required to designate Selected Subsidiaries if it is a holding company, all or substantially all of the assets of which comprise equity interests in other entities; (ii) each Selected Subsidiary must itself be eligible to borrow under the Facility's eligibility criteria; and (iii) the aggregate adjusted 2019 EBITDA of the Selected Subsidiaries must be used to calculate the Borrower's maximum loan size under the Facility (in addition to the other tests, as applicable).

2.K. *Upsized Tranche Not Subordinated.* The Lender must certify that the Upsized Tranche is not at the time of origination, and commit that it will not become through the action, consent, or facilitation of the Lender, contractually subordinated in terms of priority to any of the Borrower's other Loans or Debt Instruments, including to any other tranche under the Underlying Credit Facility. For purposes of this certification, the Lender is certifying that it has not signed and will not sign a subordination agreement, an intercreditor agreement, or other similar agreement with another creditor with respect to the Upsized Tranche that subordinates the obligations that the Borrower (or the Selected Subsidiaries, if applicable) owes to the Lender to the obligations that the Borrower (or the Selected Subsidiaries, if applicable) owes to another creditor. For the avoidance of doubt, prohibitions on contractual subordination do not prevent the incurrence of obligations that have mandatory priority under the bankruptcy code or other insolvency laws that apply to entities generally.

- For purposes of the Lender Certifications and Covenants, "Loans or Debt Instruments" means debt for borrowed money and all obligations evidenced by bonds, debentures, notes, loan agreements or other similar instruments, and all guarantees of the foregoing.

- 2.L. *Prepayments Permitted.*** The Lender must certify that prepayments of principal on the Upsized Tranche are permitted without penalty. The payment of accrued interest on such prepaid amounts and interest rate breakage costs (if any) on such prepaid amounts shall be permitted.
- 2.M. *Material Breach of Certain Borrower Certifications and Covenants.*** The Lender must certify that the documentation for the Upsized Tranche contains a provision triggering a mandatory prepayment upon the Lender's receipt of notice from the Board or its designee that the Borrower (i) has made a material misstatement with respect to Section 2 (CARES Act Borrower Eligibility Certifications and Covenants) or Section 3 (FRA and Regulation A Borrower Eligibility Certifications) of the Borrower Certifications and Covenants; or (ii) that covenants made by the Borrower under Section 2 (CARES Act Borrower Eligibility Certifications and Covenants) of the Borrower Certifications and Covenants have been materially breached. A model provision that the Lender may elect to use in connection with this requirement has been provided for reference in Appendix B to the FAQs. With respect to an Underlying Credit Facility that has more than one lender, (i) such mandatory prepayment trigger must be included if the percentage (or number) of lenders required to consent to such a mandatory prepayment trigger under the existing agreements (typically a simple majority) consents to any other changes to the loan documents in the process of originating the Upsized Tranche or the Lender selling the participation to the SPV; and (ii) if 100 percent of the lenders agree to any other changes to the loan documents in the process of originating the Upsized Tranche or the Lender selling the participation to the SPV, then such a mandatory prepayment trigger must be inserted into the loan documents and treated as a "sacred right," the amendment, waiver, or modification of which would require 100 percent lender consent.
- 2.N. *Cross Acceleration Provisions.*** The Lender must certify that the documentation for the Upsized Tranche contains a provision triggering an event of default and permitting acceleration if the Borrower has defaulted on other loans made by the Lender or any of its controlled affiliates (including affiliates that control the Lender or are under common control with it) to the Borrower, and the Lender or its controlled affiliate has accelerated the obligations in respect of such loans. A model provision that the Lender may elect to use in connection with this requirement has been provided for reference in Appendix B to the FAQs. With respect to an Underlying Credit Facility that has more than one lender, any cross-default or cross-acceleration provision that was negotiated in good faith prior to April 24, 2020, as part of the Underlying Credit Facility is sufficient to satisfy this requirement.
- 2.O. *Lien Covenant; Negative Pledge Covenant.*** The Lender must certify that the documentation for the Upsized Tranche contains a lien covenant or negative pledge covenant applicable to the Borrower (and the Selected Subsidiaries, if any) that is of the type and contains exceptions, limitations, carve-outs, baskets, materiality thresholds, and qualifiers that are consistent with those used by the Lender in its ordinary course lending to similarly situated borrowers. A model covenant that the Lender may elect to use in connection with this requirement has been provided for reference in Appendix B to the FAQs. With respect to an Underlying Credit Facility that has more than one lender, any lien covenant or negative pledge covenant that was negotiated in good faith prior to April 24, 2020, as part of the Underlying Credit Facility is sufficient to satisfy this requirement.
- 2.P. *Financial Reporting Covenant.*** The Lender must certify that the documentation for the Upsized Tranche contains a financial reporting covenant requiring the Borrower to deliver the required Borrower financial information and calculations quarterly and annually as listed in Appendix C to the FAQs. A model covenant that the Lender may elect to use in connection with this requirement has been provided for reference in Appendix B to the FAQs. With respect to an Underlying Credit Facility that has more than one lender, any financial reporting covenant that was negotiated in good faith prior to April 24, 2020, as part of the Underlying Credit Facility is sufficient to satisfy this requirement.

3. Lien Certifications and Covenants.

3.A. *Pari Passu Security.* The Lender must certify and commit that any collateral securing the Underlying Credit Facility (i) at the time of origination of the Upsized Tranche, secures the Upsized Tranche and the Underlying Credit Facility on a *pari passu* basis and (ii) will continue to secure the Upsized Tranche and the Underlying Credit Facility on a *pari passu* basis until (a) the Upsized Tranche matures or (b) neither the SPV nor a Governmental Assignee holds an interest in the Upsized Tranche in any capacity. The Lender and the Borrower may add new collateral at the time of upsizing to secure the Underlying Credit Facility and the Upsized Tranche on a *pari passu* basis. If the Underlying Credit Facility includes both term loan tranche(s) and revolver tranche(s), then the Upsized Tranche must share collateral on a *pari passu* basis only with the term loan tranche(s). For the avoidance of doubt, if any of the other term loan tranche(s) of the Underlying Credit Facility constitute Mortgage Debt, the Upsized Tranche must also be secured by all of the collateral securing such Mortgage Debt on a *pari passu* basis. If the Underlying Credit Facility, or the term loan tranche(s) of the Underlying Credit Facility, mature before the Upsized Tranche, the Upsized Tranche shall retain a sole lien on all previously Shared Collateral.

- For purposes of the Lender Certifications and Covenants:
 - “Governmental Assignee” means any of the following entities, if the SPV’s interest in the Upsized Tranche is transferred or assigned to such entity: any Federal Reserve Bank, any vehicle authorized to be established by the Board or any Federal Reserve Bank, any entity created by an act of the United States Congress, or any vehicle established or acquired by the Department of the Treasury or any other department or agency of the Federal government of the United States.
 - “Mortgage Debt” means (i) debt secured by real property at the time of the Upsized Tranche’s origination; and (ii) limited recourse equipment financings (including equipment capital or finance leasing and purchase money equipment loans) secured only by the acquired equipment.

3.B. *Unsecured Upsized Tranches – Senior or Pari Passu.* The Lender must certify that, if the Upsized Tranche is unsecured, then, following Due Inquiry with Respect to Liens and otherwise solely in reliance on the Borrower Certifications and Covenants delivered by the Borrower to the Lender, the Lender has no knowledge or reason to believe that the Borrower’s other Loans or Debt Instruments (other than Mortgage Debt) are secured at the time of origination of the Upsized Tranche. For purposes of this certification, “Borrower’s other Loans or Debt Instruments” shall be read to include the Loans or Debt Instruments of the Selected Subsidiaries, if any, on an aggregate basis.

- For purposes of the Lender Certifications and Covenants, “Due Inquiry with Respect to Liens” means that the Lender has completed the lien searches and other customary diligence with respect to the assets of the Borrower (and Selected Subsidiaries, if any) that are consistent with the lien searches and other customary diligence used by the Lender in its ordinary course lending to similarly situated borrowers.

4. Loan Participation Certifications and Covenants.

4.A. *Percentage of Participation.* The Lender must certify that the participation sold to the SPV will be a participation of 95 percent of the principal amount of the Upsized Tranche. The SPV and the Lender would share in any losses on the Upsized Tranche on a *pari passu* basis.

4.B. *Retention of Portion of Loan.* The Lender must certify that it will retain its 5 percent direct ownership share of the Upsized Tranche until the date (i) the Upsized Tranche matures or (ii) neither the SPV nor

a Governmental Assignee holds an interest in the Upsized Tranche in any capacity, whichever comes first. The Lender shall not sell or transfer its 5 percent direct ownership share of the Upsized Tranche, including to a subsidiary or an affiliate of the Lender, except as permitted above.

4.C. Retention of Other Lender Positions. The Lender must certify that on the date of origination for the Upsized Tranche, the Lender held interests in the Underlying Credit Facility (the “Other Lender Positions”) and the Lender must commit that it will retain its Other Lender Positions in the Underlying Credit Facility until the date (i) such Other Lender Positions in the Underlying Credit Facility mature, (ii) the Upsized Tranche matures, or (iii) neither the SPV nor a Governmental Assignee holds an interest in the Upsized Tranche in any capacity, whichever comes first.

5. Additional Lender Certifications and Covenants.

5.A. Loan Classification. The Lender must certify that (i) if the Underlying Credit Facility was originated on or before December 31, 2019, and held by the Lender on that date, the Underlying Credit Facility had an internal risk rating equivalent to a “pass” in the Federal Financial Institutions Examination Council’s (“FFIEC”) supervisory rating system as of December 31, 2019; and (ii) if the Underlying Credit Facility was originated or purchased by the Lender after December 31, 2019, it had an internal risk rating equivalent to a “pass” in the FFIEC’s supervisory rating system at the time of its origination or purchase, respectively.

5.B. Prohibition on Lender Requests for Early Repayment of Other Debt to the Lender. The Lender must commit that it will not request that the Borrower repay any principal amount of debt extended by the Lender to the Borrower, or pay interest on such outstanding debt, unless the principal or interest payment is mandatory and due or in the case of default and acceleration, until (i) the Upsized Tranche is repaid in full or (ii) neither the SPV nor a Governmental Assignee holds an interest in the Upsized Tranche in any capacity. This requirement prohibits the Lender from requesting optional prepayments of principal and advance payments of interest by the Borrower in respect of other debt for borrowed money (including the Underlying Credit Facility) owed by the Borrower to the Lender.

- **Mandatory and Due.** With respect to debt that predates the Upsized Tranche, principal and interest payments are “mandatory and due” on the future date upon which they were scheduled to be paid as of the date of origination of the Upsized Tranche, or upon the occurrence of an event that automatically triggers mandatory prepayments under a contract for indebtedness that the Borrower executed prior to the date of origination of the Upsized Tranche, except that any such prepayments triggered by the incurrence of new debt can only be paid if such prepayments are *de minimis*. For the avoidance of doubt, the Borrower may continue to pay, and the Lender may request that the Borrower pay, interest or principal payments on outstanding debt on (or after) the payment due date, provided that the payment due date was scheduled prior to the date of origination of the Upsized Tranche. The Borrower may not pay, and the Lender may not request that the Borrower pay, interest or principal payments on such debt ahead of schedule during the life of the Upsized Tranche, unless required by a mandatory prepayment clause as specifically permitted above. For future debt extended by the Lender to the Borrower in compliance with the term and conditions of the Upsized Tranche, principal and interest payments are “mandatory and due” on their scheduled dates, or upon the occurrence of an event that automatically triggers mandatory prepayments.
- **Safe Harbor.** This requirement will not prevent the Lender from exercising customary rights and remedies, including acceleration, upon an event of default under other debt. In addition, this would not prevent the Lender from accepting repayments on a line of credit from the Borrower in accordance with the Borrower’s normal course of business usage for such line of credit.

5.C. *Prohibition on Early Cancellation or Reduction of Other Existing Credit Lines.* The Lender must commit that the Lender will not cancel or reduce any existing committed lines of credit to the Borrower, except in an event of default, until (i) the Upsized Tranche is repaid in full or (ii) neither the SPV nor a Governmental Assignee holds an interest in the Upsized Tranche in any capacity.

- *Safe Harbor.* The safe harbor to the Prohibition on Lender Requests for Early Repayment of Other Debt to the Lender is also a safe harbor to the Prohibition on Early Cancellation or Reduction of Other Existing Credit Lines.
