Note: LMI and MUI classifications from their respective years. Please be aware that the individual tract classifications and boundaries may have changed between census years and subsequently, statistics from different time periods may not be directly comparable. Except for population, LMI and MUI figures are averages across census tracts and may not be strictly comparable to data for the city as a whole. Area population reflects the number of residents living in an LMI or MUI census tracts and does not necessarily indicate the number of people with that particular income category.
